 - Europe: 13 countries
 - Africa: 11 countries

DESTINATIONS

Source of Equines

African movements

- Most bi-directional movements between countries are:
 - South Africa ↔ Namibia with 19% of total movements. In this partnership RSA is the origin of 66% of equids.
 - South Africa ↔ Botswana with 34% of total movements. RSA is the origin of 99% of equids, so a relatively one sided relationship
